

Building Better Opportunities Essential update September 2021, Revisions to National Eligibility and Programme Guidance and Inaccessible Documents on TNLCF website

Revisions to National Eligibility and Programme Guidance

The Managing Authority have released an update to the [National Eligibility and Programme Guidance](#). Details of the change can be found in [Action Note 07/21](#) published on 31 August 2021. The guidance now incorporates several of the updates that have been made to the ESF 2014-2020 programme because of COVID-19, and align with information previously released through [Action Notes](#) and [COVID-19 Response documents](#). You should make yourself familiar with the updated guidance.

Inaccessible Documents on TNLCF website

You may be aware that a number of documents on the *Guide to delivering European funding* section of our website have recently become inaccessible. All the inaccessible documents, which are mainly programme updates, were published prior to February 2019, with most of the content subsequently included or superseded elsewhere. However, we are currently working to try and fix the issue and once complete we will notify you.
